## Manager Procurement

The Youth Training and Employment Partnership Programme (YTEPP) Limited is inviting suitably qualified candidates for the above position:-

### The Job

The Procurement Manager is responsible for the management and oversight of the procurement and disposal function in the organisation and supports the achievement of the organisation's strategic mandate in keeping with the Public Procurement Legislation. The incumbent will lead a team of professionals and other support staff engaged in the provision of procurement and disposal services in the organisation.

The work includes formulating procurement and disposal strategies and developing related programmes and projects; developing and monitoring the implementation of the Annual Procurement Plan and activities using a number of analytical tools and assessments, and market research; developing the draft handbook and procedural guidelines as set out by the Procurement Legislation; monitoring and evaluating the effectiveness and efficiency of the procurement and disposal function in achieving value for money; consulting with the Office of Procurement Regulation on procurement and disposal issues; reviewing existing policies and procedures, and recommending the revision or development of new policies and procedures, and developing standards of business conduct for procurement.

This position operates at a high level on principles of accountability, integrity, transparency, value for money, good governance, and compliance.

### Education

Training and experience as evidenced by a recognised Master's Degree in Management or a Post Graduate Degree in Procurement, Supply Chain Management, Management or related field.

### Years of Experience

- Strategic procurement experience and expertise illustrated by eight (8) years of progressive experience in the field and from managing high risk/high value procurement projects that are of strategic significance to operations.
- At least 3 years' managerial/leadership experience.
- Experience in managing cross-functional and stakeholder relationships.

### Skills in:

- Sound investigative, analytical, critical thinking, problem solving and decision-making.
- Technical report writing.
- Negotiation.
- Time Management.
- Presentation.
- Conflict Resolution.

Please submit application to HR Manager,
